OVER \$8,000 IN VALUE AND BENEFITS FOR MEMBERS

At a time when Congress and state legislatures are considering bills that could change or even eliminate your livelihood, NAHU is the one unwavering voice representing *your* interests. We know how important you are to the health and well-being of the people you serve. We bring that message to your elected officials, clearly and forcefully, every day.

Won't you help us help you? By joining NAHU, you add your voice to those of over 19,000 of your peers and colleagues who serve the interests of more than 100 million Americans.

- NAHU is your advocate, representing your interests to federal and local government officials.
- NAHU's legislative efforts strive to educate and inform elected leaders at the Federal and State level. We've learned that most legislators simply do not understand the health care system and the agent's role in the system.
- Through our network of Key Contacts, we cultivate relationships that put us in a position to clarify issues before bills are written or votes taken.
- We strengthen these relationships through activity by the Health Underwriters Political Action Committee (HUPAC) at the Federal level and Indiana State Association of Health Underwriters PAC—(ISAHU-PAC) at the State level.
- Grassroots organizations mobilize our members to meet with legislators in statehouses across the country, spreading our message of market-based reform.
- Continuing Education classes (many of which are free or have discounted rates to members).
- *Health Insurance Underwriter (HIU)* and *Issue* monthly magazines.
- NAHU (www.nahu.org) and ISAHU (www.INAHU.org) websites.
- ISAHU News; state newsletter, 10 editions per year.
- Washington legislative updates via email such as Newswires and Washington Updates.
- National Convention/Capitol Conference/Regional meetings/Local meetings.

On behalf of the entire membership, we ask for your participation by joining the only industry organization that represents you! We have pledged to ensure that the American public continues to enjoy the best health care system in the world.
